Dear Parents,

There will be days that we show the children movies. This does not happen every day, but on rainy afternoons and just for a change, we do show movies. The children do enjoy watching the movies with their friends. We really work hard to find G-rated movies, but believe it or not, it's not that easy. Most movies are rated PG. Therefore, we are requesting permission for your child to watch movies that are rated PG. We will of course make thoughtful decisions when choosing a movie for your child to watch even if it rated PG to be certain that we do not choose movies with inappropriate material.

_____ I give permission for my child to view PG rated movies during Edgerton Summer Camp.

_____ I do not give permission for my child to view PG rated movies during Edgerton Summer Camp.
